ASK CONTRIBUTIONS FOR HIGHWAY

Less Than Two Miles Between Here and Washington to Be Completed

COMMERCE BODY ACTS

Organization Favors Equitable Adjustment of Rates on W. Va., Line—Commitee to Co-operate Named.

The regular monthly meeting of the board of directors of the Chamber of Commerce was held last night.

The application for membership of the Aero Auto Company was received and they were unanimously elected.

The matter of the condition of the lights at Rosemont and East Rosemont was generally discussed and the following committee was appointed to appear before the City Council and urge the passage of a resolution presented to them last fall by the citizens of Rosemont or to urge them to take some action which will relieve the distressing condition of street lights and sidewalks in that part of the city: J. K. M. Norton, Col. J. Y. Williams, Edgar Wanfield, Jr.

A letter from the Board of Supervisors of Alexandria County, calling attention to the improved type of concrete roadway being constructed along the Washington and Alexandria turnpike from the north entrance to the property formerly belonging to the New Washington Brick Company and extending Southwardly to the power house of the Washington Virginia Railway Company at Four Mile Run and calling attention to the fact that the unimproved part of this road remaining after the improvement now in process of construction is 1.7 miles and stating that the funds of Alexandria County were limited and that unless their funds were augmented by contributions from firms or corporations who are extensively using this highway, it would be impossible for the county of Alexandria to continue this improvement beyond the points mentioned. Capt. G. H. Evans, business manager of the Chamber of Commerce, was requested to communicate with the firms using trucks over that road and to solicit contributions from them for that purpose.

The matter of a proposed increase of rates of the Washington-Virginia Railway Company was generally discussed and the motion was adopted that favoring any movement looking towards an equitable adjustment of rates and the appointment of a committee to co-operate with the movement already organized which will contest the proposed advance at the public hearing and the following committee was appointed.

T. Clifton Howard, chairman; Bche[illegible] Weil, J. H. Crilly, M. B. Harrow, C. J. Deahl, P. J. Dempsey, A. [illegible]. Brockett.

It was decided that a news letter should be sent out early in each month to keep the members in touch with the activities of the organization and the following committee was appointed to look after same: Col. J. Y. Williams, chairman, O. H. Kirk, Wallace Lindsey.

It was decided that the Organization hold a smoker on Monday night, September 15th, to which all members of the chamber are invited and that we secure a good speaker to address the meeting. This being done with a view to getting the members acquainted with each other and in the nature of a get together meeting and Capt. O. H. Evans and the secretary were appointed a committee to make arrangements for this smoker.

GRATEFUL FOR PERSHING

"Hold Place in Our Hearts Near Beloved Poilus," Declares Clemenceau

Paris, Sept. 10.—"The everlasting gratefulness of France" was expressed yesterday by Premier Clemenceau in commenting upon General Pershing's homecoming. Clemenceau said, "With General Pershing returning home after two years as commander of the American troops in France, I can only evoke indescribable emotion of the memory of the great soldier who, during the decisive campaign which began soon after the arrival of the first American contingents, never doubted the issue of the fight, but said to himself: 'We must hold first and win next.'

"From the handful of men who arrived with General Pershing to the formidable army he commanded when the common enemy surrendered, all were confident of their chief, whose value was soon revealed to us. We admired and revered him, giving him a place in our heart near the beloved poilus.

"With the whole of America acclaiming the man who led her sons to battle and to honor, I personally unite with France in a manifestation of unalterable friendship and everlasting gratefulness."

REPORT PLENTY OF SUGAR

Philadelphia Receives Big Shipments From the West Indies

Philadelphia, Sept. 10.—Large raw sugar arivals from Cuba, Porto Rico and Hawaiian Islands have virtually ended the sugar shortage. Enough is coming to assure plenty for everybody.

The steamship Costigan is now discharging at the local refineries 18,500,000 pounds of sugar from Cuba, one of the largest cargoes ever brought to this port and the arrivals will be in greater volume in the next two weeks than ever before.

The refiners are being kept busy receiving the sugar, the greater part of which comes from Cuba. William E. Gonzales, United States Minister to Cuba, who has just returned on a visit, says the warehouses in Cuba are bursting with raw sugar. All the United States has to do, he says, to get all the sugar it needs, is to send vessels to Cuba.

REJECT TREATY

Paris, Sept. 10.—The Balkan pot is beginning to boil over. The "big five" learned with trepidation yesterday afternoon that Rumania and Serbia have decided not to sign the Austrian treaty. The Serbian representatives declare they might sign later, when they were advised by their government at Belgrade. They were accorded two or three days in which to make up their minds.

Rumania's decision, which is apparently definite, practially places her outside the entente.

It is admitted in American peace circles that the Rumanian action makes it impossible to grant Rumania the territory which is accorded her by the Austrian treaty or the reparation recognized in that document as being due her.

OFFICIAL HELD FOR MURDER

Gassaway (W. Va.) Police Chief On Killing Charge

Gassaway, W. Va., Sept. 10.—Walter Samples, chief of police, was held without bail on a charge of first degree murder for killing Charles M. Bowen, a merchant.

The trouble occurred at a base ball game when Bowen attempted to prevent the arrest of a friend who had struck a player with a bat during an argument. Samples is said to have hit Bowen on the head with his club and Bowen is said to have retaliated by hitting Samples with a rock. The police chief is alleged then to have drawn his revolver and shot Bowen four times.

ARTESIAN WELL

Free Water Given Citizens by Robert Portner Corporation

An artesian well more than 500 feet deep has just been sunk by the Robert Portner Corporation. The well was sunk under the diection of S. C. Cropley, manager of the brokerage department of the corporation and also manager of the Virginia Feed and Milling Company.

It is located on Pendleton street between Washington and St. Asaph. There are four spigots and Mr. Cropley announces that this water is free to the citizens of Alexandia.

Many already have taken advantage of the generous offer and daily persons go to this place for their supply of drinking water.

Mr. Cropley some time ago announced his intention of sinking such a well, and he says he is only too glad to have citizens get this pure water free of cost.

The renewal of this artesian well was under the direct supervision of John Ewald, superintendent of the Virginia Feed and Milling Corporation.

MERCIER LANDS IN NEW YORK

Primate Of Belgium Greeted By Officials Of Church And State

SUPER HERO WELCOME

Militant Spiritual Prince Will Come To Baltimore to Visit Cardinal Gibbons Today.

New York, Sept. 10.—Cardinal Mercier, Belgium's famous prelate, has arrived in America. The transport Northern Pacific, bearing the distinguished churchman among its passengers, docked at Hoboken last night.

The Cardinal was met by Archbishop Hayes, Maj. Gen. Shanks Mayor Hylan, Mayor Broening, of Baltimore, and a large committee of clergymen and laymen. Members of the reception commitee kneeled and kissed the ring on the Cardinal's right hand as they were presented and each received his blessings.

"Ladies and Gentlemen of the press," said the Cardinal in a prepared statement, "tell the people of my gratitude by your pen and your voice, and this interpret for me where I cannot go to speak.

"Many of our people would have died had not you Americans prevented the Germans from taking more of our food than they had already taken. We shall never forget it. I am deeply moved in coming here. I felt when I landed that it was a historic moment in my life. The immensity of the serive you rendered my people cannot be adequately expressed by me.

"The Belgians want to start work again. Many of our people are idle because the Germans have wrecked our machinery. I owe it to my people to tell you that we need your help in enabling them to resume work. Belgium and America shall forever work hand in hand. We are the weaker one and you are the stronger."

The Cardinal was driven to the residence of Archbishop Hayes, where he is to remain until his departure for Baltimore this evening.

JEWISH RELIEF DRIVE IN OCTOBER

All Are Urged to Contribute to This Worthy Cause

NEEDS ARE INCREASED

Funds Will Be Used In Saving Remnants of Their Race From Utter Destruction.

Norfolk, Va., Sept. 10.—The hugeness of the task that confronts them in saving the remnants of their race abroad from utter destruction makes it necessary for the Jews of this state to turn to the citizens of the state of other faiths for help in the coming Jewish relief drive. Heretofore the funds necessary to finance Jewish relief efforts abroad have been contributed largely by Jews, but with the larger responsibilities now devolving upon them, it is imperative that an outside appeal be made. Thus Moe Levy of Norfolk, State Chairman of the Virginia Drive summed up the reasons for the non-sectarian appeal for Jewish relief funds to be staged through the state in October.

"In the past American Jews have gladly answered call after call to lend their aid in various causes" stated Mr Levy, Red Cross, Y. M. C. A., Salvation Army, War Camp Community Service, United War Work Campaign and so on in turn have asked prominent Jews to serve on their committees.

"Such men as Jacob H. Schiff and his son, Mortimer, Nathan Straus, Felix M. Warburg, Juilus Rosenwald and the long list of other prominent men have spared no efforts to make these causes a success. Now, in their turn, they are saying to their Gentile friends, 'Help us in our undertaking.'

"The same is being done all down the line. In every state in the Union leading Gentiles are gladly serving in American Jewish relief campaigns to aid the Jew in what is believed to be the darkest hour in the history of the race. After all, race, creed and the like are merely human differences that man has set up, and we are all members of the one human family.

"In turning thus for practically the first time for outside help in a purely Jewish cause it must not be inferred that the Jews of America, and of this state particularly, will cease to give. They will continue to pour out their money for the relief of the suffering and starving abroad. It should be remembered that their gifts during the past two years total over $30,000,000, and that this rate of giving will not only be maintained, but will be increased in the future.

"But, with the war over, the needs and the opportunities across the sea have increased greatly and for the first time in five years it is possible to do really effective relief work. The funds needed in this critical hour are so great that they cannot possibly be raised by the 3,500,000 American Jews alone. Hence it is that we turn confidently to our friends of other faiths."

RIVAL MONTE CARLO

American Capital Said to be Interested in Making Vienna Great Pleasure Place

Vienna, Sept. 10.—American capital is to be employed in making Vienna the gayest city in the world and the chief playground of Europe if a report in circulation here today is correct.

It was stated that American financiers are about to approach the Austrian government with a proposal to take over all the places of public entertainment in the city and to establish a super-Coney Island.

An effort will be made to outdo Monte Carlo in luxurious gaming places, if permission to run them can be secured.

SAW MOTHER HANG SELF

But Children Gave Alarm Wher They Found it Wasn't Play

Cleveland, Sept. 10.—Mildred an Bernice Fross, aged 7 and 9, respectively, thought their mother was merely providing some amusement for them when she stood on a chair, tied a rope around a gas jet, looped the other end around her neck and then bade them good-by.

But when the woman leaped of the chair and her body began swaying and her face contorting with pain they screamed for their father. He arrived in time to save the woman Despondency was the cause, the husband said.

AGAINST PLUMB PLAN

President's St. Paul Speech Not an Indorsement of National-ipation of Railroads

St. Paul, Minn., Sept. 10.—President Wilson will not indorse the so-called Plumb plan for regulating the railroads of the country in anything like the form it stands. This was authoritatively learned last night.

Following the President's speech before the Minnesota Legislature yesterday morning, there was considerable speculation and many direct statements made to the effect that by this speech he had indorsed the plan. There was comment to the effect that no other conclusion could be read into the speech. Because of this a direct inquiry was made of the President.

Mr Wilson is not for the Plumb plan It an be stated that there will have to be radical rearrangement of this plan before there is any chance of its receiving the powerful influence of White House support. The President did talk in his speech yesterday of the necessity of a "partnership" between capital and labor But he meant exactly that—a partnership.

It can be stated that he takes the view that in its essence the Plumb plan is not a proposal of partnership, but rather an attempt to squeeze out from all connection with the railways the capitalistic elements.

AUSTRIA SIGNS TREATY

Paris, Sept. 10.—In the absence of all the elaborate details such as accompanied the setting at Versailles the allies made formal peace with Austria today. Dr. Karl Renner, Austrian chancellor and head of his country's peace delegation signed the treaty at St. Germain at 10:15 o'clock this morning.

No speeches were made by the Austrian delegates. Premier Clemenceau, on behalf of the allies invited the Austrians to sign in the same terse fashion he had employed at Versailles before the Germans.

Chancellor Renner was the first delegate to sign. He was folowed by Henry White, Gen. Tasker H. Bliss, and Frank L. Polk, of the American delegation.

Aside from the peace treaty the Austrians signed two engagements, one by which they will undertake to indicate allied ships lost during the war which were sunk by the Austrians, and another which obliges them to furnish within a month a list of persons responsible for the war that the allies may place them on trial.

ANTI-TRUST BILL SIGNED

Gov. Davis Approves Measure Providing Imprisonment for Profiteers in State

Governor Davis signed yesterday the antitrust measure passed at the special session of the Legislature, providing an optional jail sentence for the first offense and leaving it discretionary with the jury as to whether second offenders shall go to jail or penitentiary.

This action of the chief executive removes the doubt in the minds of many people as to whether he would approve the bill, since the General Assembly failed to give the flat jail sentence for the first offense which he asked for in a special message.

Both houses of the Legislature adjourned sine die at 12.40 o'clock, thus bringing to a close the extraordinary session called for the purpose of passing legislation which is expected to be the forerunner of a new era in road construction in Virginia.

JEWS MAKE APPEAL

As will be seen elsewhere in the Gazette, American Hebrews are invoking co-operation of the Gentiles in collecting money with which to aid many suffering thousands—yea millions—of the chosen people who are in Poland and other nearby places. Israelites from this zone as well as from parts of Russia were long since compelled to leave the country of their birth and seek other climes. Many thousands have made their way to the United States, and some are mingling with the people of Alexandria.

During the past few years some Israelitish families in these far away places have been forced to live in holes in the ground in midwinter. Their homes had been burned and all their possessions taken from them.

Jews have long been among the most liberal contributors toward every movement made for the purpose of alleviating the lot of others In our own city they have cheerfully responded to appeals for the Red Cross and other organizations which accomplished so much good during the dark days of war. They now expect a return of the many favors of them.

It is said that about one half of the Hebrews of the world are huddled into what is known as Galicia. For centuries these people have been treated as the filth and offscouring of the world. They have and are still suffering from Jew-baiting, while starvation stares most of the race in the face.

About two hundred and fifty years before the great Cyrus of Persia was born the prophet Isaiah called him by name and drew his horoscope. It was shown that in the fulness of time he would aid materially in a movement which would bring the captive Hebrews from Babylon back to their native land. The Persian monarch was shown the words of the prophet and he was overjoyed when he realized Jehovah had honored him by placing his name in the holy. He did everything possible to accelerate the homecoming of the Israelites.

While America is not mentioned in the ancient writings, the eye of Him who never sleeps may be resting upon our country in this day of Israel's troubles. It may be casting bread upon the waters, but it will surely return, and not after many days either.

EXAMPLE TO THE UNTIDY

A German citizen would be arrested if he threw a scrap of paper into the street; no less a person than the Crown Prince once suffered this indignity.

While we have no desire to imitate German kultur in all its details, Teutonic tidiness will appeal to all good citizens. Many people in Alexandria are, unfortunately, not disposed to be neat. Newspapers, or parts of such, are often seen moving from one sidewalk to another by the action of the wind, while banana rinds are dropped carelessly upon the sidewalks to be a menace to life and limb.

It might be asked, Are there any laws forbidding the casing of paper, trash, fruit rinds or glass in the streets?

Plenty of law against such practices, and fines can be imposed upon all persons who violate them. Of course untidy people will not allow policemen to witness the violation of ordinances which have long been in the code, and it is but seldom that guilty ones are made to face the Police Court.

The Civic Improvement League of bygone days did much toward cleaning up the city. Its reorganization is suggested with this section incorporated in the by-laws: "It shall be the duty of every member to report promptly to the authorities the names of all persons who may be seen violating any sanitary law or ordinance which has for its purpose the keeping of the city in a sightly condition.

Knoville, Tenn., Sept. 10.—Leroy Smith, president of the Imperial Motor Company and a wealthy young business man of this city, was mysteriously shot Monday night and died on the porch of a farmhouse on which he took refuge. Yesterday the police were searching for a woman who may shed some light on the affair.

WATERMELONS GO TO WASTE

Farmers Abandon Them To Save Fodder Crop.

Georgetown, Del., Sept.—Thousands of watermelons, which would bring hundreds of dollars in the city markets, are going to waste in fields in Sussex county because farmers have been compelled to enter their fodder fields and save the crop in order to supply food for their stock. In some localities they are unable to get labor, notwithstanding that $3 and $4 a day and board are both offered as inducements, and in some instances the women have been forced to go into the fields and assist their husbands. If the average Sussex county farmer fails to harvest his fodder he considers that his year's work was almost in vain.

Nuxated Iron Helps Make Red Blood

The Kind That Puts Roses Into the Cheeks of Women and Force, Strength and Courage Into the Veins of Men
Watch the People You Meet On the Street—You Can Tell Those Who Have Plenty of Iron In Their Blood—Strong, Healthy, Vigorous Folks
Cut This Out
Sworn Statement of the Composition of the FORMULA of Nuxated Iron
It is conservatively estimated that this remarkable formula is now being used by over three million people annually. Among those who have used and strongly endorsed it are many physicians who have been connected with the best hospitals and medical societies, former United States Senator and Vice-Presidential nominee, Chas. A. Towne of Minnesota; U. S. Commissioner of Immigration, Hon. Anthony Caminetti; Judge Atkinson of the United States Court of Claims at Washington; Wm. L. Chambers, Commissioner of the United States Board of Mediation and Conciliation at Washington, and former Health Commissioner Wm. R. Kerr of Chicago.
Newspapers everywhere are invited to copy this statement for the benefit of their readers. It is suggested that physicians make a record of it and keep it in their offices so that they may intelligently answer questions of patients concerning it. Everybody is advised to cut it out and keep it. A copy of the actual sworn statement will be sent to anyone who desires such. Nuxated Iron Peptonate (Special specific Standard) Quantity given below. Sodium Glycerophosphates U. S. P. (Monsanto). Calcium Glycerophosphates U. S. P. (Monsanto). Ext. Nux Vomica U. S. P. Cascarine Bitter. Magnesium Carbonate Pc. Ginger U. S. P. Oil Cassia Cinnamon Precip. U. S. P. Calcium Carbonate Precip. U. S. P.
Each dose of two tablets of Nuxated Iron contains one and one-half grains of organic iron in the form of iron peptonate of a special specific standard, which in our opinion possesses superior qualities to any other known form of iron. By using other makes of iron Peptonate we could have put the same quantity of actual iron in the tablets at less than one-fourth the cost to us, and by using metallic iron we could have accomplished the same thing at less than one-twelfth the cost, but by so doing we must have most certainly impaired their therapeutic efficacy. Glycerophosphates used in Nuxated Iron is one of the most expensive tonic ingredients known. It is especially recommended to build up the nerve force and thereby increase brain power, as glycerophosphates are said to contain phosphorous in that particular state so similar to that in which it is found in the nerve and brain cells of men.
As will be seen from the above, two important ingredients of Nuxated Iron (Iron Peptonate and Glycerophosphates) are very expensive products as compared with most other tonics.
Under such circumstances the temptation to adulteration and substitution by unscrupulous persons, is very great and the public is hereby warned to be careful and see every bottle is plainly labeled "Nuxated Iron" by the Doe Health Laboratories, Paris, London and Detroit, U. S. A., as this is the only genuine article. If you have taken other forms of iron without success, this does not prove Nuxated Iron will not help you.
Manufacturers' Note: Nuxated Iron is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach. Nuxated Iron is not recommended for use in cases of acute illness, but only as a tonic, strength and blood builder. (In case of illness always consult your family physician and be guided by his advice.) If in doubt as to whether or not you need a tonic, ask your doctor, as we do not wish to sell you Nuxated Iron if you do not require it. If you should use it and it does not help you, notify us and we will return your money. It is sold by all druggists.

BOSTON POLICE STRIKE

Park Patrolmen and Government Inspectors Rush to Scene; Harvard Students Volunteer

Boston, Sept. 10.—Taking advantage of the absence of police protection a mob in Boston last night was said to be breaking windows in stores and looting.

Superintendent Crowley, government inspectors and thirty Metropolitan Park officers rushed to the scene.

Up to a late hour there had been no serious disorder in any other distict. A crowd of boys jeered some policemen coming from one of the Roxbury police stations and threw mud at them, but the disturbance was quickly ended. There were numerous false alarms of fire, believed to have been the work of boys.

Union members of the Boston police force went on a strike last night Carrying out their threats to walk out if Police Commissioner Curtis disciplined any of their number for joining the union, they reported at the evening roll call, turned in their equipment and proceeded to Fay Hall, in the South End, for a meeting.

Several hours before the strike went into effect it was known to the authorities that it could not be avoided, Preparations were hastily completed for carrying out emergency measures for the protection of life and poperty. Superintendent of Police Crowley said that more than 500 men had been recruited for a volunteer police force.

Banks and large business houses have organized guards from among their employees, many of whom are returned service men. These guards have been made special policemen and armed. Federal authorities have taken precautions for the guarding of all government property.

There are 1544 patrolmen, including special officers, in the police department. The announcement of the union strike vote showed that 1136 men had participated in the balloting, and union leaders claimed a still larger membership. The 96 captains, inspectors, lieutenants and sergeants are not affected by the strike.

President Lowell, of Harvard University, when notified that the strike was impending, issued an appeal to all students "to prepare themselves for such service as the Governor may call upon them to render." An Emergency Committee, headed by Dean Greenough, was organized late yesterday and began the enrolling of volunteers.

MINE STRIKE URGED

Cleveland, Sept. 10.—Recommendation for a nation wide strike of coal miners by November 1, unless a satisfactory basic agreement in the central competitive field is reached by that date, was made here yesterday by John L. Lewis, acting president of the United Mine Workers, in an address at the opening of that organization.

DEATH SEALS SECRET

Wall Street Bond Messenger Believed Slain to Prevent Him "Squealing."

New York, Sept. 10.—Police of two States last night, stirred by the practically positive identification of the body of Jacob Binkowitz, messenger who disappeared August 12 with $178,000 in bonds intrusted to him for delivery by Richard Whitney & Co., 14 Wall street, are seeking clews to his kidnappers and slayers.

August 20 an automobile party, including John T. Clark, 149 Lincoln road, discovered the body of a young man hanging to a fence by a lonely road, near Milford, Conn. The head was severed, the hands were cut and nine stab wounds were found in the region of the chart.

Yesterday the body was identified by means of two scars on the right arm. August 12, according to Mrs. Ida Binkowitz, 169 Eldridge street, mother of the messenger, Bennie kissed her and his 1 year old brother good bye and rtarted for work.

The police believe the boy was murdered by a band of thieves in an automobile and his body thrown from the machine against the fence. The nature of the wounds indicate that the young messenger put up a furious battle for his life.

They believed he was enticed or forced into the death car by the bandit gang. Witnesses in the case declare they saw two automobiles stop near the spot where the body was found on or about August 12.

On the same day, another messenger, Harry Millham, 120 West 127th street, disappeared. With two companions, he was arrested at Saranac Lake with $41,000 in bonds which remained of $45,000, property of Simons and Blade, 5 Nassau Street. They had lived on the revenue of $4,000 worth of the bonds which they had sold The police are satisfied that there is no connection between the two cases.

The coroner's investigators yesterday reached the conclusion that the boy had been murdered five or six days after he disappeared, which would tend to prove that he remained a prisoner, finally being disposed of to prevent him "squealing" if turned loose.

ALL WHO HAVE BAD NERVES AND ARE RUN DOWN SHOULD TAKE THIS WOMAN'S ADVICE

"I surely sympathize with those who suffer from nerves and a run-down system. I know from experience just what it means and because of what I suffered I believe that I owe it to others to tell how, at last, I found such great relief.

I was recommended to take Chasco-Vin, an old time nerve and body-building tonic and it afforded me relief almost from the first dose, but I kept it up, taking it regularly. I am now on the third bottle and I surely feel my old self again.

In my opinion those who suffer with bad nerves and those who are run-down generally should lose no time in obtaining this wonderful tonic.

The Alexandria agency for the sale of Chasco-Vin is Edgar Warfield, Jr., King and Pitt Streets.

KILLED IN STRIKE RIOTS

Foreign Born Workers Attack Strikebreakers And Shots Follow

Hammond, Ind., Sept. 10.—Five striking employes of the Standard Steel Car Company were killed and fifteen wounded in a fight between strikers and the police here yesterday.

The rioting was the second outbreak since the 2,000 workmen of the plant walked out two months ago demanding increased wages and improved working conditions. A few weeks ago State troops were sent to the plant to restore order.

Yesterday when 200 strikebreakers were on their way to work they were attacked by a mob of 1,000 foreign-born strikers. Special policemen and guards were rushed to the scene and ordered the rioters to disperse.

The order was greeted with jeers and the men refused to obey, Capt. Ben Strong, in charge of the police, then ordered the leaders of the mob arrested. When the police attempted to execute the command, the crowd attacked the police and special guards with sticks and stones, and according to Capt. Strong several of the strikers drew revolves and fired a numbe of shots.

The police then retaliated by firing about seventy-five shots into the crowd, killing five and wounding fifteen strikers. The strike leaders were taken into custody.

None of the policemen or special guards were wounded in the fight.

According to the police, the strikers were led by Lieut. Thomas Shuba, 21 years old, a Pole, who recently was discharged from the United States army. He wore his soldier uniform and carried an American flag, which he waved during the fight. He was arrested afterwards.

CHARGED WITH MURDER

Asheville, N. C., Sept. 10.—Ernest Hall was held for the superior court without bail yesterday morning by a coroner's jury on the charge of murdering his wife Monday night.

The killing took place on Ralph street in what is known as the Death Alley section and is the fourth killing there in four months. Hall's wife was shot dead at midnight as she started to the second floor of her residence.

A RESOLUTION proposing amendment to section 117 of article 4 of the Constitution of Virginia, and providing for publishing said amendment and certifying the same to the next general assembly.

Resolved by the senate and the house of delegates (a majority of the members elected to each house agreeing thereto), That the following amendment to the Constitution of Virginia be, and the same is hereby, proposed and referred to the general assembly to be chosen at the next general election of senators and members of the house of delegates, for its concurrence, in conformity to the provisions of section one hundred and ninety-six of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and seventeen, which is in the words and figures following, to-wit:

Section 117. General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. But each of the cities and towns of the State having at the time of the adoption of this amendment a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended so as to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

Notwithstanding, however, anything in this article contained the general assembly may, by general law or by special act (passed as prescribed in article four of this Constitution), depart in any respect (except as otherwise in this section expressly provided) from the form of organization and government prescribed by this article for cities and towns, and may provide, from time to time, for the various cities and towns of the Commonwealth such form or forms of municipal government as the general assembly may deem best; but no form or forms of government authorized by the second paragraph of this section shall become operative except as to such cities or towns as may thereafter adopt the same by a majority vote of its qualified electors at an election to be held as may be prescribed therefor by law. All the limitations on the powers of the councils of cities and towns imposed by this article shall apply in like manner to the principal legislative authority under any form of government which may be authorized hereunder. The term "council" as used in sections one hundred and twenty-five and one hundred and twenty-seven of this Constitution shall be construed to include the body which, under any form of municipal government, shall be vested with the principal legislative authority of such municipality.

The general assembly, for the purpose of this article, may classify cities according to their population, but the maximum population prescribed for any class shall exceed the minimum population for the same class by at least ten thousand. The general assembly, at the request, made in manner which may be prescribed by law, of any city having a population of over fifty thousand inhabitants, may grant a special form of government for such city.

Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurer and city sergeants.

And insert in lieu thereof the following:

Sec. 117. (a) General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house. But each of the cities and towns of the State having at the time of the adoption of this Constitution a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly: provided, that every such charter is hereby amended to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

(b) The general assembly may, by general law or by special act, (passed in the manner provided in article four of this Constitution) provide for the organization and government of cities and towns without regard to, and unaffected by any of the provisions of this article, except those of sections one hundred and twenty-four, one hundred and twenty-five, (except so far as the provisions of section one hundred and twenty-five recognize the office of mayor and the power of veto) one hundred and twenty-six one hundred and twenty-seven and one hundred and twenty-eight of this article and except those mentioned in sub-section (d) of this section. The term "Council" as used in any of said sections shall include the body exercising legislative authority for the city or town, and all ordinances enacted and resolutions adopted by such body shall have the same force and effect for all purposes, as if enacted or adopted in accordance with the provisions of section one hundred and twenty-three of this article. But such organization and government shall apply only to such cities or towns as may thereafter adopt the same by a majority vote of those qualified voters of any such city or town voting in an election to be held for the purpose, as may be provided by law.

(c) The general assembly, at the request of any city or town made in manner provided by law, may grant to it any special form of organization and government authorized by sub-section (b) of this section, and subject to all of the provisions of that sub-section, except that it shall not be necessary for such city or town to thereafter adopt the same.

(d) Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurers and city sergeants.

(e) Any form of organization and government authorized by any provision of this section which may have been adopted heretofore by any city or town pursuant to any act of the general assembly enacted before such provision became effective, and which is now in operation, is hereby declared legal and valid ab initio, and shall have the same force and effect as if it had been authorized by this Constitution at the time of its adoption.

A RESOLUTION proposing amendment to section 133 of article 9 of the Constitution of Virginia.

Resolved by the house of delegates, the senate concurring (the majority of the members elected to each house agreeing thereto), That the following amendment to section one hundred and thirty-three, article nine, of the Constitution of Virginia, be and is hereby, proposed and referred to the general assembly at the first regular session held after the next general election of members of the house of delegates for its concurrence in conformity with the provisions of section one hundred and ninety-six, of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and thirty-three of article nine, which is in the following words:

Section 133. Each magisterial district shall constitute a separate school district, unless otherwise provided by law. In each school district there shall be three trustees selected, in the manner and for the term of office prescribed by law.

Wilson's Visit to St. Paul And Minneapolis Most Strenuous Yet

St. Paul, Minn., Sept. 10.—Overcast skies and a drizzling rainstorm failed to prevent the people of the Twin Cities from turning out to give President Wilson the most rousing reception of his trip today. He was cheered at the State Capitol, at the armory in Minneapolis, the auditorium here last night and everywhere along the line of march. It was also the most strenuous day he has yet experienced, for he made three speeches and he was in the midst of wide-awake Americans all the time.

All told, the President spoke to more than 25,000 persons and with the exception of his address to the members of the State Legislature, where, as a matter of course, decorum prevailed, he found audiences responsive to the last degree.

The President compared foes of the treaty to ostriches who had "submerged their thinking apparatus," and those who recognized the new order of things he termed eagles who had avoided the "miasmic mists."

The President gave a compact explanation of what the league of nations will do. He told how a weak nation could find solace in the league because its claims would receive just as much attention as those of a large and powerful nation. The league, he said, provides for disarmament and for the liberation of oppressed nations.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As to Help Others."

Watoga, W. Va.,—Mrs. S. W. Gladwell, of this town says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache and bearing down pains, and would just drag and had no appetite. Then it would last two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years,

Begin taking Cardui today. It may be the very medicine you need.

WOMEN ALMOST NUDE

Milliner, Just From Paris, Declares English Women Are Following The Style

New York, Sept. 10.—As varied a coterie of notables as ever arrived at the port of New York in that peaceful yet busy time before the war was carried up the river yesterday morning by the Holland-American liner Rotterdam, which has spent the previous night off Quarantine.

Probably the most startling tale brought home by any of these voyagers was that of the milliner, Chas. Kurzman, of 385 Fifth avenue, who has been in France and England looking over the styles. His story was that costumes are almost vanishing in France. Whether or not France, too is experiencing a warm spell in September could not be learned.

"The lovely women of France are going almost nude," he said. Dresses are cut low both in front and back and are of a decidedly filmy nature. This style, he declared, is already catching on in staid England. He predicted that it would spread soon to the United States.

THEATRES

RICHMOND THEATRE

Intensely dramatic and furnishing Harry T. Morey an unusually strong role in which to display his peculiar histrionic ability, "The Gamblers," which will be shown at the Richmond Theater tonight, bids well to eclipse the stage version of Charles Klein's great success.

"The Gamblers" brings to the screen some of the finest settings that have ever been described. These comprise splendid clubhouse scenes, drawing rooms and the exteriors and interiors of several great residences. The characters, it may be mentioned, are all members of the high caste top strata of society, both in the financial and the social world. The action, therefore, is all toned at a high pitch.

Situations and incidents tumbling through the story are all such as portray high poised romance.

GRAND THEATRE

The inimitable, Mary Pickford has a delightful characterization, that of an actress in the Paramount drama of theatrical life, "Behind the Scenes," by Margaret Mayo, which will be shown at the Grand Theatre tonight.

"Behind the Scenes," is an absorbing play that contrasts he drama of It is human throughout, and depicts life with the glamour of the stage, the struggle of a little soubrette for theatrical fame, and her great sacrifice for love just when success is within reach. Also Elmo the Mighty

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
